

Election Day, Tuesday November 6

This November we want our communities to stopped being harmed by the 3 M's:

VOTE

TUESDAY, NOVEMBER 6

The Man

Politicians who leave office and become an “overnight lobbyist” use personal relationship to effect changes in everyday lives.

Amendment 1 will ensure elected officials must wait 2 years before becoming a lobbyist.

The Money

Every year lobbyist are given a **TON** of money to influence elected officials to make changes against the communities best interest, affecting issues of minimum wage, voting rights, and police accountability. Elected officials take these gifts, becoming loyal to special interest and not the people.

Amendment 1 will significantly address the money by limiting gifts and donations to something small like \$5.00 or a cup of coffee!

The Maps

Politicians manipulate the voting boundaries creating the opportunity for communities to receive misrepresentation in low-income communities and over-representation in wealthier communities.

Amendment 1 will ensure that a neutral committee will draw fair and equal voting boundaries

YES on Amendment 1
